

PSYCHOLOGY

Internship Program

The Psychology Internship program is designed to provide students with opportunities to work in real-world settings, to see first-hand the application of psychological knowledge, and to explore potential career paths.

Academic Internships can fulfill the capstone requirement or can be completed as elective credit.

Deadlines

Reserve a spot with an internship faculty mentor during course registration the PRIOR semester.

[Students who do not reserve a spot on time are not guaranteed an internship for the next semester.]

RESERVE YOUR SPOT

Your complete application (below) must be submitted by December 1 (for Spring internships or May 1 (for Summer or Fall internships).

SUBMIT YOUR APPLICATION
