NATIVE SPEAKERS

If you already speak Spanish, please consider taking any of the courses under our intermediate or advanced tabs. These courses are designed to engage both native and non-native speakers alike. You'll be surprised how much more there is to learn about Spanish as a language and the cultures that speak the language.

We also encourage all students who speak Spanish well to consider study abroad, since the experience abroad will give you a life changing experience in addition to enhancing your resume. Studying abroad will not only improve your Spanish skills but also allow you to experience and learn about diverse cultures and topics from a non- American perspective. Also, please consider seeking Paideia with Distinction since you have an advanced proficiency in language. Talk to one of our faculty members for more ideas on how to get involved.
