5–7 minutes

Google Doc with most up-to-date information for current SU students: [here](#)

MEETINGS AND CONFERENCES

- [Conference for Computing Sciences in Colleges](#) regional meetings
- [ACM Special Interest Group in Computer Science Education](#) (SIGCSE) each spring (February/March)
- The [Tapia Conference](#) Celebration of Diversity in Computing
- [Grace Hopper](#) Celebration of Women in Computing

CONTEST ANNOUNCEMENTS AND PROBLEM ARCHIVES

- [Student Research Competition](#) varying dates
- [ACM-International Collegiate Programming Contest](#)
- [FIRST Robotics Competition](#)
- More Google [challenges and competitions](#)

OPPORTUNITIES AT SU

- [King Creativity Fund](#) - for creative projects. Groups of students have used these funds for various projects, such as a 3D interactive computer game to aid in the teaching of languages, and a smartphone app to provide information about campus.
- [SCOPE](#) - Summer research for SU students. CS faculty often participate in SCOPE, and faculty in other departments also frequently have need of programmers to help in their research.

SUMMER PROGRAMS

- [NSF REU](#) (Research Experience for Undergraduates) - various programs and locations each year.

CAREER/INTERNSHIP OPPORTUNITIES

- [ACM jobs website](#), [career advice page](#)
- [Career News](#) ACM's career newsletter

- [IBM Research](#)
- [Google Internships](#)
- [Computer Science for Women](#) - Career and academic resources for women in Computer Science
- [RADIANT at Los Alamos National Laboratory](#)
- [IBM Extreme Blue](#)- “The Extreme Blue™ program is IBM’s premier internship program for top-notch students pursuing software development and MBA degrees.” SU student Daniel Bauer was selected for this in 2010.

GRADUATE SCHOOL INFORMATION

- The *ACM Crossroads Student magazine* published an article on [Choosing a PhD program in Computer Science](#).
- Guide to [Applying to PhD Programs in Computer Science](#)
- Manuel Blum’s [The 4 R’s of Graduate School: Reading, Rithmetic, Research, and Writing](#)
- [California Institute of Technology](#) - Center for Advanced Computing Research
- [Columbia University](#) - Columbia Natural Language Processing Group
- [Robotics Institute](#) - The Robotics Institute at Carnegie Mellon University
- [University of Texas at Austin](#) - Department of Computer Science
- [Michigan State University](#) - Biometrics Research
- [University of California, Berkeley](#) - The ALPHA Laboratory
- [University of Colorado at Boulder](#) - Optoelectronic Computing Center
- [University of New Hampshire](#) - Research Computing Center

LINKS OF INTEREST

- [ACM Crossroads](#) (student magazine publication of “the world’s largest educational and scientific computing society”)
- [IEEE Potentials](#) (student magazine publication of the “world’s leading professional association for the advancement of technology”)
- [Evaluation of Face Recognition Systems](#)

- [The Garbage Collection Page](#) - “a comprehensive resource for automatic dynamic memory management a.k.a garbage collection.”
- [Computer Science](#) - A guide to selected resources on the internet.
- [A Guide for Women in STEM: Closing the Gender Gap](#) - A resource page for women in STEM and data science.

ORGANIZATIONS AND SERVICES

- [ACM \(Association for Computing Machinery\)](#) is the world’s largest educational and scientific computing society.
- [Upsilon Pi Epsilon Computer Science Honorary \(UPE\)](#)
- [IEEE](#) (institute for Electrical and Electronic Engineers) is the world’s leading professional association for the advancement of technology. Within IEEE, the [Computer Society](#) declares itself “dedicated to advancing the theory, practice, and application of computer and information processing technology.”
- [AnitaB.org](#) - organization that supports women in tech
- [NCWIT](#) (National Center for Women & Information Technology)
- [USENIX - The Advanced Computing Systems Association](#)
- [Center for Democracy & Technology](#) - for the promotion of democratic values and constitutional liberties in the digital age.
- [Computing Research Association](#) seeks to strengthen research and advanced education in computing and allied fields
